

IU - Flex - Post Iso

This play starts with the 4 & 5 on the elbows and the 2 & 3 in the corners.

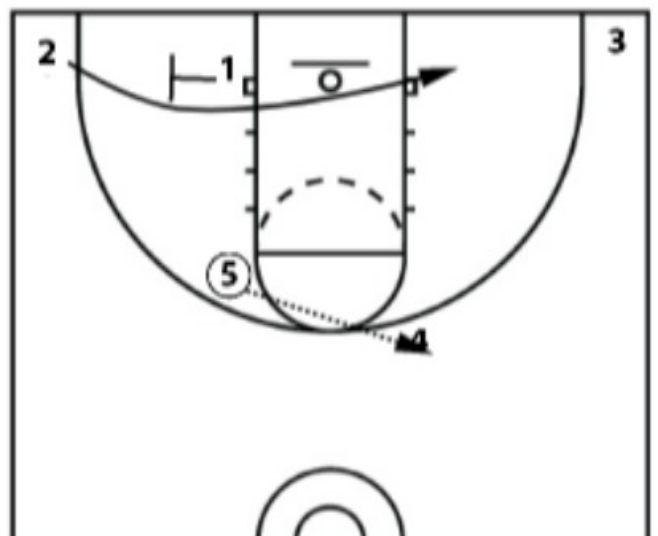

The action starts with the 1 hitting the 5 on the elbow.

After passing to the 5, the 1 will receive a backscreen and curl around to the ball-side block.

The 5 passes to the 4 and the 1 sets a backscreen for the 2.

The 5 sets a downscreen for the 1, who pops to the top and receives a pass.

The 5 then seals his man on the block and has a post isolation.
