

# IU - Backscreen - Backscreen

This play starts in a 1-4 high alignment with the bigs on the elbows and the guards on the wings.

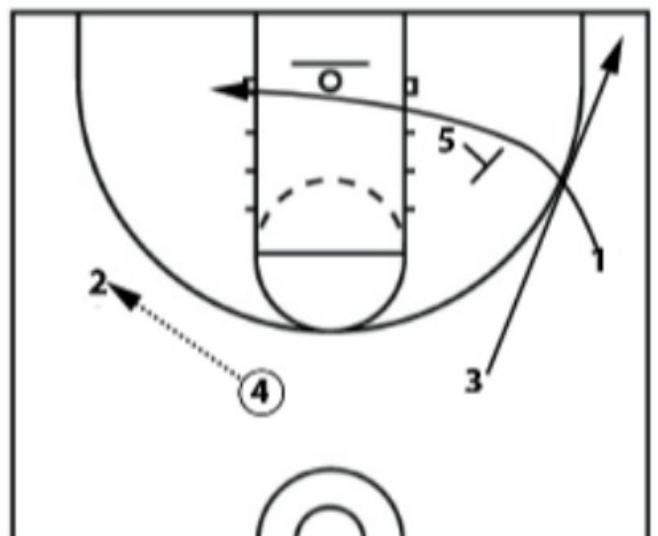

The action starts as the 1 executes a dribble handoff with the 3. As that's happening the 4 pops out to receive a pass from the 3.

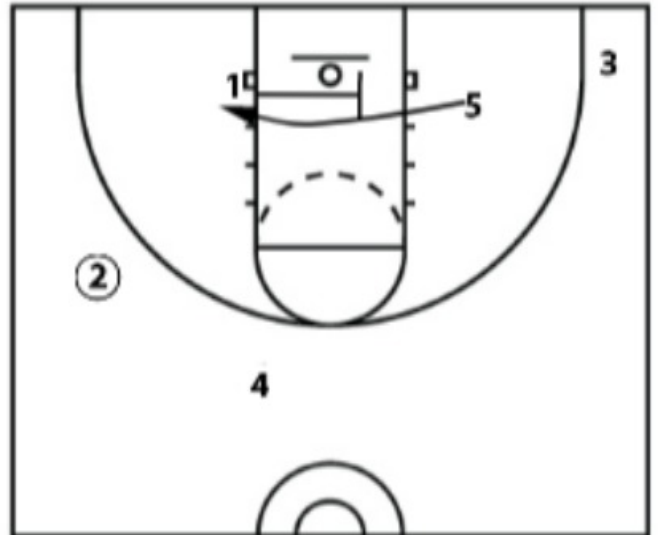

The 5 starts to walk his man down a little lower.

The 4 passes the ball to the 2 and the 5 sets a backscreen for the 1 and he cuts to the opposite block. The 3 clears to the corner on his side.

As soon as the 1 reaches the opposite block, he turns around and sets a backscreen for the 5 coming across the lane.

The 2 looks to feed the ball to the 5. After setting the cross screen, the 1 receives a downscreen from the 4 to pop to the top of the key.
